

Thank you for your interest in the FOUNDATIONS FOR COUNSELING MINISTRIES School. This course is part of YOUTH WITH A MISSION and THE UNIVERSITY OF THE NATIONS (CNH211CNH212).

This course runs for 24 weeks and is divided into two phases, a twelve-week lecture phase followed by a twelve-week outreach, that you can do in church seminars, communities, hospitals, adult and children ministries. It is offered at YWAM RECIFE every year in January. It is bilingual (Portuguese and English). We receive students from all over Brazil and other nations, which offers the student a variety of cross-cultural experiences.

Broken relationships affect thousands of people in many cultures and life style. Our challenge as Christians is to proclaim the power of the gospel to restore lives. The FCM school intends to empower students with basic tools to reach out to hurting people.

The first FCM in Brazil was pioneered here in Recife in 1994, and already has sent outreach teams to various part of the world. Some speakers are international with a vast experience in Biblical Christian Counseling.

For this second level school it is necessary to have successfully completed a DTS and have a leader's recommendation.

DATES

Lecture phase: **January 20th – April 13th 2025**. The opening of the school will be on January 19th starting with an afternoon tea. You should plan to arrive a few days before to get settled in.

Practicum phase: **April 14th – July 6th 2025**

Our Vision

Empower people in the Christian counseling field, equipping them with basic tools and walking with them in their own growth and healing process. To help the students to discover their own vision for that they can use what they have received in the school to disciple in their own work field.

Main Targets of FCM

- Expansion of the vision – greater vision than yourself.
- Personal development – Character, Identity, Gifts and Relationship.
- Developments of the Skills – Active listening in the Holy Spirit, Christian rational thinking and intercession.
- Cognitive development – The knowledge of the word of God applied in counseling.
- Ministerial development – Applying the tools in counseling.

Why do FCM?

- Because many people in the world are afflicted by traumas and hurts.
- Because in any ministerial field you will relate to people.
- There are many other reasons to do such a rich school. Find out your reason!!

JOCUMRECIFE

*For your reflection
 Come into the workshop of grace... Let yourself be shaped by God.
 Be free to walk.
 Many hearts are in darkness. Be light!
 Be the bridge, show the way.
 The precious stones only reveal their value after cut.*
